

Email Accounts: How do I get messages sent to my mailbox automatically forwarded to another mailbox?

1. Login to your email account (Select the Email Login button in top right corner of the webbuilder
2. Click ";Settings”
3. Click ";Incoming Mail”
4. Select ";Forwarding”
5. Select Status On
6. Type in the email address in which you would like your mail forwarded
7. Save your updates
