

Logo: I would like a logo for my website. How do I get one?

Choosing a logo is one of the most important decisions you will make regarding not only your business but your website as well. Your logo is your identity brand that your clients and customers will see over and over. It is important that your logo reflects your business not only in a professional way but displays your personality as well.

We have many options depending upon your budget for logo design.

If you would like a simple text logo, we can do those for \$25. If you would like a simple text logo, please choose your font from the available choices or if you don't see your selected font here simply let us know what font it is.

After you have selected your font, [contact our design team](#) from your Web Builder Dashboard, fill out the appropriate information for us and we will take care of everything for you, including loading it onto your website.

If you need a high end logo, please call our office to speak with one of our graphic designers for a quote at 503-922-1276 PST 9:00am-6:00pm.
