

Password Protected Pages: How do I add a secure member to my password protected pages?

1. Click on Page Access on your Dashboard to access your Page Access Manager
2. Select the Add Member Tab
3. Type in your secured members name, email address and secure member username and password
4. *Add them to a group if applicable
5. Submit your secure member to save

The screenshot shows a web application interface with a navigation menu at the top containing 'DASHBOARD', 'EDIT WEBSITE', 'NEWSLETTER', 'MY ACCOUNT', 'ADMIN TOOLS', and 'HELP'. Below the navigation, it indicates the user is logged in as 'onlinewebbuildersupport.com'. The main content area has a sub-menu with 'Home', 'Member List', 'Add Member', 'Groups', 'Pages', and 'Help'. The 'Add member' form is displayed with the following fields: 'First Name' (value: First), 'Last Name' (value: Last), 'Email Address' (value: myname@myemail.com), 'Login' (value: username), 'Password' (value: password), and 'Group' (value: Select). A 'Submit' button is located at the bottom of the form.
