

# *Social Networking: How do I add Social Networking "Share" buttons to my website?*

It's so easy!

1. In Edit Website Mode, simply click on the page you want to add share buttons too.
2. Click on "Rename Page" as this will take you to that particular pages settings
3. Check the box "Show Share Buttons"
4. Done your Changes
5. Repeat steps 1-4 on each page you would like share buttons added too
6. When completed, publish your ENTIRE website to make your Share Buttons live.
