

Blog: I've added the Blog feature to my website. How do I get started blogging?

Short Directions (for directions with screen shots, scroll down):

1. From your Dashboard click on Site Settings.
2. Click on Blog Settings.
3. Name your Blog. Name it whatever you like, but it is best to keep it short. Try for no more than 3 words long.

From the same page, you can:

4. Choose how many blog entries you want to show on your Blog Entry Preview page.
5. Activate your Comments (if you choose to).
6. Choose the order you would like your entries to appear on your Blog Preview Page.
7. Save your Settings
