Blog: How do I or turn on, or turn off, the blog comment feature?

SHORT DIRECTIONS (for directions with screen shots, scroll down):

1. From your Dashboard, click on Site Settings.

2. Click on Blog Settings.

3. Select "View/Post": This will allow people to view and post comments on your site.

OR

Select "View Only": This will allow people to view comments, but not post them.

OR

Select "All Off": People will not be able to view or write comments. **Note:** Comments will not be deleted by selecting this option. They will only be hidden from public view.

*For
Maximum Exposure, select the Facebook Connect Comment feature. Make it easy for people to comment about your Blog RIGHT IN THEIR FACEBOOK ACCOUNT.

4. Save your changes.

5. Click "Publish Now" in the upper right corner of the screen.

6. Click Publish All Pages.

DIRECTIONS WITH SCREENSHOTS:

1. From your Dashboard, select "Site Settings".

2. Click on "Blog Settings".

3. Select "View/Post": This will allow people to view and post comments on your site.

OR

Select "View Only": This will allow people to view comments, but not post them.

OR

Select "All Off": People will not be able to view or write comments. **Note:** Comments will not be deleted by selecting this option. They will only be hidden from public view.
