Email Accounts: How do I get an email account for my website?

1. From your Web Builder Dashboard please submit us a support ticket
2. Submit your requested email accounts and all passwords that will be associated with each account
*Passwords must be at least 8 characters in length
3. Based on your Membership package, you are only allowed a set number of email accounts per membership plan
Premier Membership = 5 Email Accounts
Smart Membership = 7 Email Accounts
If you need extra email addresses beyond this, they can be set up for $1 a month per extra email account you require
