Photos: How do I upload multiple photos at a time into my library?

There is a special Image feature located within the builder that will allow you to upload several images at once.

Follow theses instructions:

1) Add a New Page Block while in Edit Website Mode
2) Choose Paragraph
3) Once the Text Editor opens, click in the Add Image Icon in the tools

4) Upload and Image into your Library using the Moxie Code Image Manager

5) Upload your first image and then click the Add More link to attach multiple images

6) Attach all of your images until completed.

7) Click Upload to Server

8) All of your images will be added to your library at once.
