

SimpleCart Shopping Feature: How do I create Categories for my Products?

- Click
on Store Manager from your Web Builder Dashboard under Features
- Click the
Pages/Categories Tab
- Choose the number of items you would like to show
on our stores main page. *As a good rule of thumb choose between 3 and 10 for best viewing.*
- Name
Your Categories (i.e. SEO Packages,
We Build It Packages, Logo Design
Packages)
- Hide your
Category if you are not ready for people to purchase that product
- Your
category will become a Subpage of your Main Store Page
- Click
Add This

9. Continue Adding your Categories until you are finished
10. Save your Changes
