Domains: I just registered another domain. How do I create a new website for it?

1. Login to your Web Builder Account by clicking "Owner Login" on the bottom of your Website.
2. Select My Account
3. Click Create New Domain for this Account on the My Account Tab
4. Fill in the Appropriate Domain information (i.e. mynewsite.com)
5. Select your Membership Package
6. Submit your New Web Builder Account and START BUILDING YOUR NEW SITE

* You will not be charged your Package fee until date of Go Live
